Grand Vacations

We work hard to make sure that you are safe

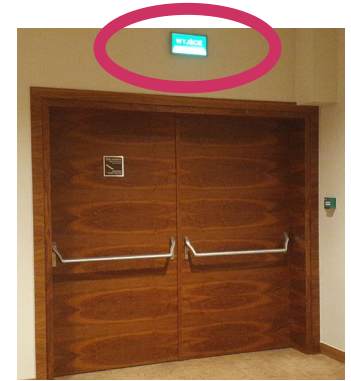

- The building is equipped with the following:
 - Fire notification system (detection and alarm) with a direct connection to the Fire Department
 - Sprinkler system
 - Smoke detection systems (in the hall, hallways, and restrooms)
 - Fire hoses and fire extinguishers (marked in the building)
- We are conducting evacuation drills (the last drill was conducted on November 29th, 2022)
- All the documentation is up to date, and our procedures are compliant with all the rules and regulations of Local Law and Hilton Standards
- The professionals regularly maintain all equipment and installed systems

Rules for Fire Safety

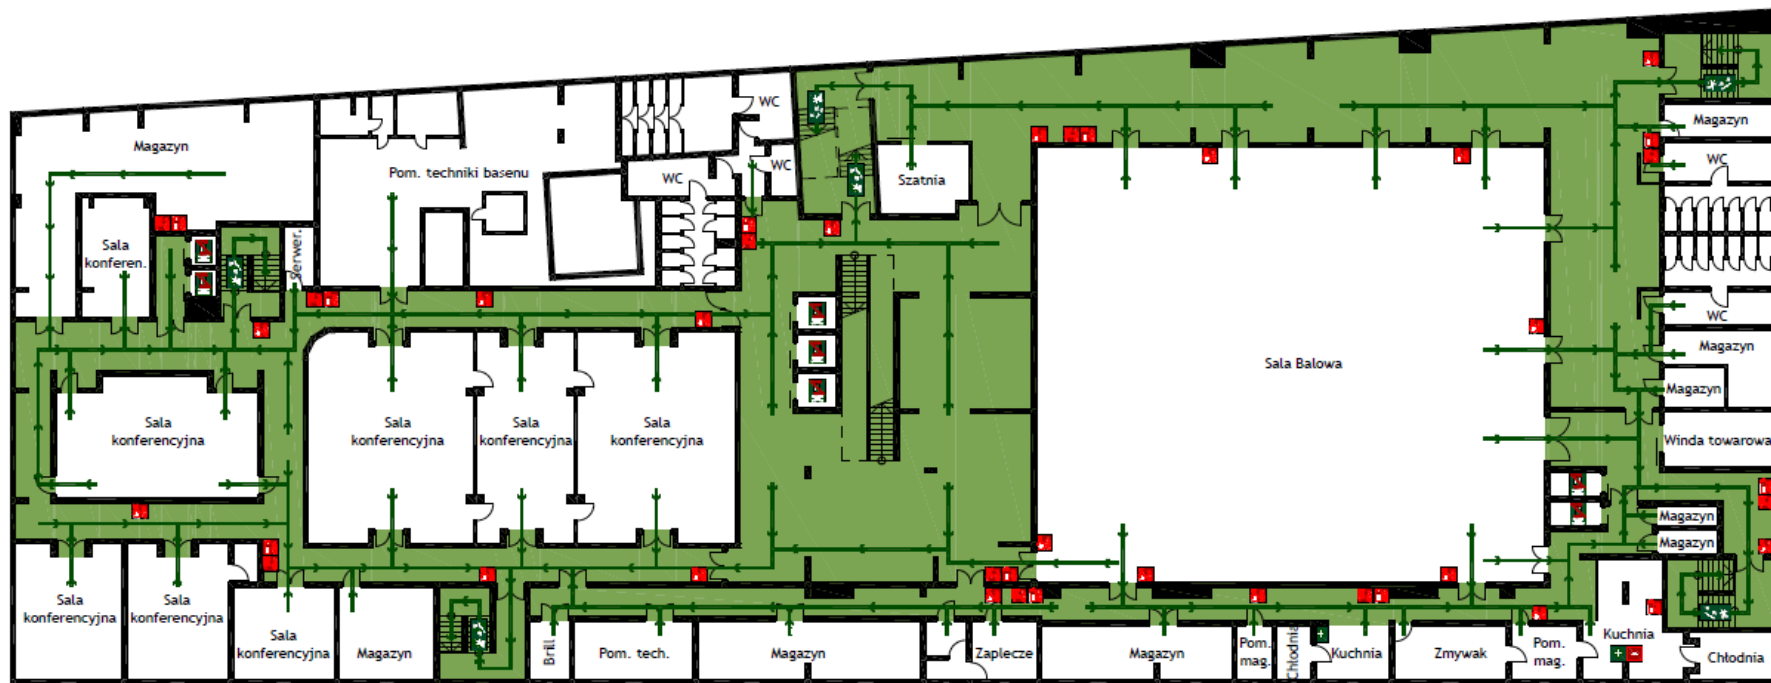

- Don't ignore alarms!
- Report all fires
- Do not use an open flame, especially do not smoke inside the building
 - If you need to smoke, **please use the smoking area outside the building**
 - Do not light candles
- Do not use electrical outlets without consulting our staff
 - Especially - do not plug in any heaters or kettles
- Do not use fire safety equipment for purposes not related to the fire emergency
- Do not touch or cover sources of light and heat in the room
- Do not block the hallways, emergency exit doors, or fire emergency equipment
- Please use all rooms and equipment in the way they were designed to be used

In a highly unlikely event of a fire:

- You will hear the notification
- The main hall doors will open
- Calmly leave the hall and follow the exit signs to the stairs
 - Do not use elevators – use emergency exit stairs instead
- Once you're out, **STAY OUT**
 - Don't go back inside for possessions
- Start checking for your companions and notify the fire department and the Chief of the evacuation if anyone is unaccounted for

Evacuation Plans – located in the hallways

If you will spot a fire:

- Locate the FIRE button which is the nearest to the place of fire
- Break the glass and press the button
- Notify the Staff and everyone else around
- Start evacuating following the green exit signs
